

KNT WORLD WELFARE FOUNDATION

COMPLETE WORK PROJECT PORTFOLIO - CLEAR TYPING VERSION
Every project with photo, full details and indicative cost overview

TOTAL INDICATIVE PROJECT PORTFOLIO

Rs. 1,00,179.5 Crore

Founder and Editor: Kanhaiya Lal

Office: 190 B Block, Avas Vikas, Banda, Uttar Pradesh

INDEX AND PROJECT COST SUMMARY

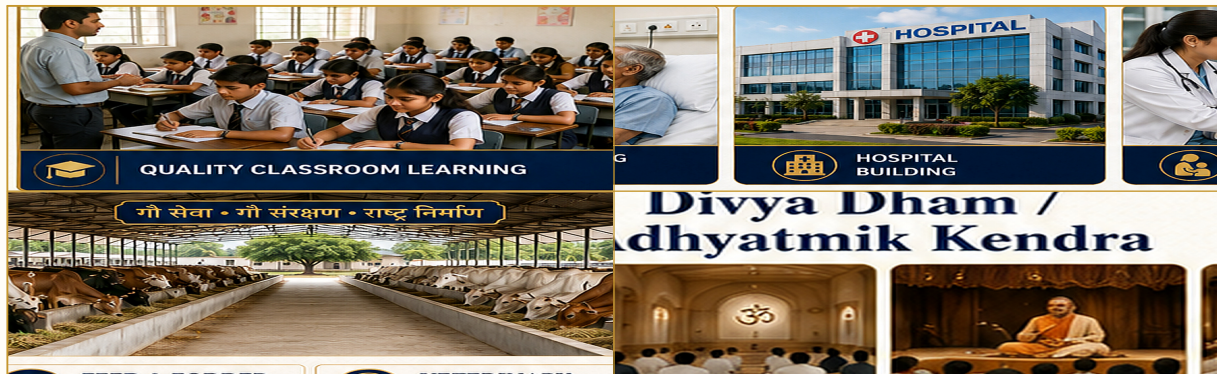

No.	Project / Work Name	Indicative Cost
01	Education Support and Scholarships	Rs. 5 Crore
02	Schools, Colleges and Skill Training Centres	Rs. 25 Crore
03	KNT Global University Mega Project	Rs. 1,00,000 Crore
04	Healthcare, Hospital and Medical Camps	Rs. 50 Crore
05	Orphanage and Child Welfare	Rs. 20 Crore
06	Vriddha Ashram and Senior Citizen Care	Rs. 15 Crore
07	Mega Gaushala and Cow Research	Rs. 30 Crore
08	Women Empowerment	Rs. 6 Crore
09	Youth Skill and Employment	Rs. 4 Crore
10	Rural Development and Infrastructure	Rs. 8 Crore
11	Water, Environment and Tree Plantation	Rs. 10 Crore
12	Disaster Relief and Humanitarian Aid	Rs. 1.5 Crore
13	Divya Dham / Adhyatmik Kendra	Rs. 5 Crore
Total Indicative Project Portfolio		Rs. 1,00,179.5 Crore

Note: All costs are indicative concept budgets. Final cost may change after land survey, engineering design, government approval, market rate, tender process and legal/financial verification.

FOUNDATION WORK OVERVIEW

KNT World Welfare Foundation works for service, education, health, social development, animal welfare, senior citizen care, child welfare, rural development, environment, employment and spiritual development. This clear typed portfolio is prepared with readable text, large margins and print-safe layout so that no word is cut during printing.

Core Area	Main Work
Education	Scholarships, schools, colleges, skill training and university vision.
Health	Hospital, medical camps, mobile health units and medicine support.
Social Welfare	Orphanage, senior citizen care, women empowerment and youth skill development.
Rural and Environment	Rural infrastructure, water conservation, tree plantation and disaster relief.
Spiritual and Cultural	Divya Dham, meditation, yoga, satsang and value-based education.

01. EDUCATION SUPPORT AND SCHOLARSHIPS

INDICATIVE PROJECT COST
Rs. 5 Crore

Project Objective

To provide basic education support, scholarships, books, uniforms and mentoring to underprivileged students.

Major Work

- Scholarship support for poor and meritorious students
- Books, notebooks, uniforms and study material distribution
- Student counselling, mentoring and career guidance
- School fee assistance for needy children

Infrastructure Required

- Scholarship help desk
- Student record system
- Study material storage
- Field verification team

Expected Impact

- Higher student retention
- Improved learning support
- Better confidence among students
- Equal opportunity for rural children

Cost Breakdown

Cost Head	Amount (Crore)
Scholarship fund	2.00
Books and uniforms	1.00
Mentoring and counselling	0.75
Field verification and support	0.75
Monitoring and administration	0.50

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

02. SCHOOLS, COLLEGES AND SKILL TRAINING CENTRES

INDICATIVE PROJECT COST

Rs. 25 Crore

Project Objective

To build quality learning centres, training labs and vocational education facilities for community development.

Major Work

- Modern classrooms and digital learning labs
- Library, reading hall and science laboratories
- Tailoring, computer and technical skill training
- Multipurpose hall and community training sessions

Infrastructure Required

- Land and building development
- Furniture and classroom equipment
- Computer lab and training tools
- Library and digital resources

Expected Impact

- Improved employability
- Quality education access
- Digital literacy and job readiness
- Self-reliance through vocational skills

Cost Breakdown

Cost Head	Amount (Crore)
Building and campus development	10.00
Labs, equipment and furniture	5.00
Training tools and course materials	4.00
Staff, trainers and operations	4.00
Monitoring, outreach and maintenance	2.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

03. KNT GLOBAL UNIVERSITY MEGA PROJECT

INDICATIVE PROJECT COST

Rs. 1,00,000 Crore

Project Objective

To develop a world-class multidisciplinary university with research, innovation, residential, hospital and global academic facilities.

Major Work

- Multidisciplinary academic faculties and departments
- Research labs, innovation hubs and incubation centres
- Teaching hospital, library, hostels and sports zones
- International academic partnership and long-term expansion

Infrastructure Required

- Master plan and land development
- Academic blocks and laboratories
- Residential campus and student facilities
- Hospital, sports and innovation zones

Expected Impact

- Large-scale education ecosystem
- Research and innovation growth
- Employment generation and regional development
- Global academic identity

Cost Breakdown

Cost Head	Amount (Crore)
Land, master plan and infrastructure	30000.00
Academic buildings and departments	25000.00
Research labs and innovation centres	15000.00
Hospital, hostels and civic facilities	20000.00
Technology, operations and reserves	10000.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

04. HEALTHCARE, HOSPITAL AND MEDICAL CAMPS

INDICATIVE PROJECT COST

Rs. 50 Crore

Project Objective

To increase access to affordable healthcare through hospital facilities, medical camps, mobile medical units and awareness programs.

Major Work

- Hospital and diagnostic service development
- Free health check-up camps and medicine support
- Mobile medical unit and emergency outreach
- Maternal, child and senior citizen health support

Infrastructure Required

- Hospital building and OPD
- Diagnostic equipment and pharmacy
- Mobile medical van
- Medical camp and outreach team

Expected Impact

- Better health access for poor families
- Early detection of disease
- Improved maternal and child health
- Health awareness in rural areas

Cost Breakdown

Cost Head	Amount (Crore)
Hospital infrastructure	20.00
Medical equipment and diagnostics	12.00
Mobile units and camps	6.00
Medicine support and outreach	5.00
Staff, operations and maintenance	7.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

05. ORPHANAGE AND CHILD WELFARE

INDICATIVE PROJECT COST

Rs. 20 Crore

Project Objective

To provide safe shelter, nutrition, education, healthcare and emotional support to orphaned and vulnerable children.

Major Work

- Residential shelter with safety and care
- Food, nutrition and school education support
- Health check-up and counselling support
- Sports, activity rooms and life skills programs

Infrastructure Required	Expected Impact
• Residential dormitories • Kitchen and dining facility • Study rooms and activity areas • Counselling and medical room	• Safe and caring environment • Educational development • Emotional well-being and confidence • Protection and rehabilitation of children

Cost Breakdown

Cost Head	Amount (Crore)
Residential building and safety setup	8.00
Food, nutrition and daily care	3.00
Education and study materials	3.00
Health, counselling and life skills	3.00
Staff, operations and monitoring	3.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

06. VRIDDHA ASHRAM AND SENIOR CITIZEN CARE

INDICATIVE PROJECT COST

Rs. 15 Crore

Project Objective

To provide a peaceful and dignified home with healthcare, nutrition, companionship and emotional support for senior citizens.

Major Work

- Safe accommodation and daily living assistance
- Healthcare support and regular check-ups
- Nutritious food and personal care
- Yoga, recreation, counselling and companionship

Infrastructure Required	Expected Impact
• Senior care residential block • Medical and nursing support room • Dining and recreation hall • Garden and meditation area	• Respect and dignity for elders • Reduced loneliness • Better physical and emotional health • Compassionate community model

Cost Breakdown

Cost Head	Amount (Crore)
Building and accommodation	6.00
Healthcare and nursing support	3.00
Food, nutrition and daily care	2.00
Recreation, yoga and counselling	1.50
Staff, operations and maintenance	2.50

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

07. MEGA GAUSHALA AND COW RESEARCH

INDICATIVE PROJECT COST

Rs. 30 Crore

Project Objective

To protect, nurture and promote cow welfare through modern gaushala management, veterinary care and sustainable research.

Major Work

- Spacious cow shelter and fodder management
- Veterinary care, vaccination and disease prevention
- Dairy welfare and ethical care practices
- Breed conservation, research and organic utility products

Infrastructure Required	Expected Impact
• Cow sheds and feeding lanes • Fodder cultivation and storage • Veterinary health centre • Research and awareness facility	• Improved animal welfare • Preservation of indigenous breeds • Organic utility products • Sustainable gaushala model

Cost Breakdown

Cost Head	Amount (Crore)
Shelter and animal care infrastructure	12.00
Fodder farm and storage	5.00
Veterinary facilities and equipment	4.00
Research and organic product unit	4.00
Staff, operations and maintenance	5.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

08. WOMEN EMPOWERMENT

INDICATIVE PROJECT COST

Rs. 6 Crore

Project Objective

To support women and girls through skill training, livelihood opportunities, self-help groups and leadership development.

Major Work

- Tailoring, handicraft and small enterprise training
- Self-help group formation and micro-enterprise support
- Legal, health and awareness sessions
- Leadership and capacity building programs

Infrastructure Required

- Training centre and machines
- Women help desk
- Learning materials and tool kits
- Community outreach network

Expected Impact

- Women entrepreneurship
- Improved household income
- Better confidence and social participation
- Skill-based livelihood generation

Cost Breakdown

Cost Head	Amount (Crore)
Training centres and machines	2.00
Tool kits and learning materials	1.00
SHG and livelihood support	1.25
Awareness and capacity building	0.75
Staff, monitoring and operations	1.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

09. YOUTH SKILL AND EMPLOYMENT

INDICATIVE PROJECT COST

Rs. 4 Crore

Project Objective

To prepare youth for employment through digital skills, technical training, career guidance and placement support.

Major Work

- Computer, technical and soft skill training
- Career counselling and interview preparation
- Placement assistance and enterprise promotion
- Apprenticeship and job-readiness workshops

Infrastructure Required	Expected Impact
• Computer lab and training room • Trainer and placement desk • Assessment and certificate system • Industry linkage and field network	• Job readiness • Digital and technical skill growth • Improved placement opportunities • Youth entrepreneurship

Cost Breakdown

Cost Head	Amount (Crore)
Training labs and equipment	1.50
Trainers and course delivery	1.00
Career counselling and placement	0.75
Certification and assessment	0.25
Operations and monitoring	0.50

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

10. RURAL DEVELOPMENT AND INFRASTRUCTURE

INDICATIVE PROJECT COST
Rs. 8 Crore

Project Objective

To improve rural living conditions through sanitation, small infrastructure, affordable housing support and awareness programs.

Major Work

- Rural roads, pathways and basic infrastructure support
- Sanitation, hygiene and drinking water awareness
- Affordable housing support for vulnerable families
- Community development meetings and local leadership

Infrastructure Required	Expected Impact
• Field office and community centre • Material support and vendor network • Village volunteer teams • Monitoring and reporting system	• Improved rural infrastructure • Better sanitation and hygiene • Community participation • Social and economic upliftment

Cost Breakdown

Cost Head	Amount (Crore)
Rural infrastructure support	3.00
Sanitation and hygiene facilities	1.50
Housing and material assistance	1.50
Community mobilization	1.00
Monitoring and administration	1.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

11. WATER, ENVIRONMENT AND TREE PLANTATION

INDICATIVE PROJECT COST

Rs. 10 Crore

Project Objective

To promote water conservation, tree plantation, waste management and environmental awareness for sustainable development.

Major Work

- Tree plantation and green cover expansion
- Rainwater harvesting and water conservation structures
- Cleanliness drives and waste management awareness
- Environmental education and community participation

Infrastructure Required	Expected Impact
• Nursery and plantation tools • Water conservation equipment • Awareness materials • Field teams and monitoring system	• Greener environment • Improved water conservation • Cleaner community spaces • Long-term sustainability

Cost Breakdown

Cost Head	Amount (Crore)
Tree plantation and nursery	2.50
Water conservation structures	3.00
Cleanliness and waste management	1.50
Awareness and community programs	1.00
Operations and monitoring	2.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

12. DISASTER RELIEF AND HUMANITARIAN AID

INDICATIVE PROJECT COST

Rs. 1.5 Crore

Project Objective

To provide emergency assistance during disasters, including food, shelter, medicine, relief supplies and field support.

Major Work

- Emergency response and relief distribution
- Food, shelter and essential supplies
- Medical and hygiene support during emergencies
- Coordination with volunteers and local administration

Infrastructure Required

- Relief material storage
- Emergency response vehicle support
- Volunteer network
- Documentation and distribution system

Expected Impact

- Fast support to affected people
- Reduced suffering in emergencies
- Better community resilience
- Organized relief operations

Cost Breakdown

Cost Head	Amount (Crore)
Relief materials and food kits	0.50
Medical and hygiene support	0.25
Transport and field response	0.30
Volunteer coordination	0.20
Documentation and monitoring	0.25

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

13. DIVYA DHAM / ADHYATMIK KENDRA

INDICATIVE PROJECT COST

Rs. 5 Crore

Project Objective

To establish a spiritual, cultural and value-based centre for meditation, satsang, yoga, discourses and social harmony.

Major Work

- Prayer, meditation and yoga programs
- Satsang, spiritual discourse and value education
- Cultural festivals and community gatherings
- Counselling, peace programs and youth character building

Infrastructure Required	Expected Impact
• Meditation and prayer hall • Satsang auditorium • Yoga and counselling rooms • Guest facility and green space	• Spiritual upliftment • Mental peace and social harmony • Cultural preservation • Value-based community development

Cost Breakdown

Cost Head	Amount (Crore)
Prayer and meditation hall	1.50
Satsang and discourse facility	1.00
Yoga, counselling and library	0.80
Cultural events and programs	0.70
Operations and maintenance	1.00

Implementation Approach: planning and verification - beneficiary selection - infrastructure and procurement - program execution - monitoring, reporting and audit.

IMPLEMENTATION PLAN AND GOVERNANCE

Step	Activity	Result
1	Need assessment, survey and project selection	Clear project priority and beneficiary list
2	Budget approval, finance planning and documentation	Transparent fund requirement and record system
3	Land, building, procurement and service setup	Project infrastructure and operational readiness
4	Recruitment, training and field deployment	Trained staff and volunteer network
5	Monitoring, reporting, audit and impact review	Quality control and public accountability

Quality Rules for Printing

- Text is typed as vector text, not as a low-quality screenshot.
- Each page has safe margins to reduce cutting during printing.
- Photos are placed inside frames and text is kept outside image areas.
- Budget is concept/indicative and should be verified before official submission.

CONTACT AND AUTHORIZATION

This project portfolio is prepared for KNT World Welfare Foundation to present the organization work areas, project activities, indicative cost and expected social impact in a clear and readable format.
